## AREA OF INTEREST

- Programming
- Artificial intelligence
- Robotics

## SKILLS

- **Programming** : Python, C, C++, Java, SQL, JavaScript, HTML/CSS
- **Data & Machine Learning** : Pandas, NumPy, Matplotlib, Scikit-learn, OpenCV
- **Developer Tools**:: Git, GitHub, react.js

## LANGUAGES

|         |                 |
|---------|-----------------|
| Arabic  | Native language |
| French  | Fluent          |
| English | Fluent          |

## About Me

**Junior Data Analyst**, proficient in Python, SQL, and Machine Learning. Experienced in data preparation and analysis, exploratory data analysis (EDA), data visualization, and classification model building. Proficient in data analysis and processing tools such as Pandas, NumPy, Matplotlib, and Scikit-learn. Passionate about leveraging data to solve real-world problems and generate valuable insights.

## Education

- **Bachelor's Degree — Data Analysis & Artificial Intelligence**  
Faculty of Sciences - Agadir, Morocco 2024 - 2026

## Certifications

- **Data Science Essentials With Python** (Cisco - 2026) [Link](#)
- **Python Essentials 2** (Cisco - 2026) [Link](#)

## Projects

- **Data Analysis Projects** — Python, Pandas, scikit-Learn, Matplotlib, Seaborn  
Collection of data analysis projects (more than 16 projects) covering data cleaning, exploratory analysis, visualization, and machine learning.
