About Me

Junior Frontend Developer specializing in creating modern, responsive, and interactive web interfaces using **React.js, JavaScript, HTML, CSS, and Tailwind CSS**. Practical experience gained through personal and academic projects, including the design and deployment of responsive websites. Proficient with **Git/GitHub** and developing interfaces that adapt to different devices.

Education

- **Baccalaureate — Physical Science** 2021 – 2022
Moulay Youssef High School - Oulad Berhil, Morocco
- **DEUP (Associate) — Computer Engineering** 2022 - 2024
Multidisciplinary Faculty - Taroudant, Morocco
- **Bachelor's Degree — Data Analysis & Artificial Intelligence** 2024 - 2026
Faculty of Sciences - Agadir, Morocco

Projects

- **VOID Challenge — Responsive Web Interface**
 - Integration of a **UI/UX design created on Figma** into a responsive web application.
 - Interface development using **React.js, Vite and Tailwind CSS**.
 - Interface adapted for **desktop, tablet and mobile** screens.
 - Application deployment with **Netlify**.
- **Personal Portfolio — React.js**
 - Design and development of a responsive personal portfolio using **React.js and Tailwind CSS**.
 - Creating **reusable React components** to showcase skills, projects, and professional profile.
 - Implementation of an interface adapted to **desktop, tablet and mobile** screens.
 - Portfolio deployment with **Vercel**.
